

RETENTION FEATURE

DAILY CHECK-IN

Daily Streaks encourage players to return daily by rewarding them with multiplier boosters.

Daily Check-in Rewards

New Booster Received

Booster Activated

How it works

- Players qualify for daily streak rewards by placing at least one bet each day
- Upon completing their first bet, players earn a one-time multiplier booster
- The booster automatically applies to their next bet, ensuring immediate value
- Consecutive daily check-ins increase the multiplier percentage (2%, 4%, 6%...) up to 20%, driving consistent player retention

Player Inventory

Player Inventory *(Coming Soon)*

- Players store all earned rewards in their personal inventory for flexible redemption
- Players can strategically activate boosters when they want to maximize their betting potential
- Inventory items include multiplier boosters, free bets, and exclusive rewards that drive engagement
